PLUMATECH's latest Innovation

PLATECH

Innovative technology for a better daily experience.

This new patented finger-gate system represents a true technological breakthrough in the feather processing industry. It sets new standards by combining performance and reliability.

"Changing picking fingers has never been so easy"

SIMPLE - FAST - SECURE - IMPROVED HYGIENE

THE PLATE AT THE SERVICE OF PERFORMANCE

THE **FAST**CLEAN **PLUMATECH**

For a quick change by hand

Picking fingers specially designed to fit perfectly with the PLATECH system: The FCP.

Thanks to their patented design, they maximize efficiency while ensuring exceptional plucking quality.

An indispensable element to optimize your performance and results.
